Name of School/Community Centre: \_\_\_\_\_

| DONOR                           | TYPE OF DONATION<br>(Food/Juice, etc) | ESTIMATED<br>\$ VALUE   |
|---------------------------------|---------------------------------------|-------------------------|
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
|                                 |                                       |                         |
| <b>TOTAL NON-CASH DONATIONS</b> |                                       | \$                   ** |

**\*\* Do not include this amount DOES NOT on the Financial Report**

### VOLUNTEER INFORMATION

**Number of Volunteers Daily** \_\_\_\_\_

**Total number of volunteer hours contributed daily**  
 (i.e. 2 volunteers x 2 hours each = 4 hrs)  
 No. volunteers daily \_\_\_\_\_ x No. hrs daily \_\_\_\_\_ = Total Volunteer Hours Daily \_\_\_\_\_

**Total number of volunteer hours contributed this year**  
 (number of volunteer hours daily x number of days program ran -  
 e.g 4 hrs daily x 185 days = 740 hours year)  
 Total Vol. hrs daily \_\_\_\_\_ x No. of days program ran \_\_\_\_\_ = Total Volunteer Hours this Year \_\_\_\_\_

**Total Number of people volunteering with the program this year** \_\_\_\_\_
