

KIDS EAT SMART CLUBS

All KES Clubs must comply with all public health directives related to Covid-19.

PROTECT YOURSELF AND OTHERS AGAINST INFECTIONS

- Our KES Clubs play an important role in ensuring all school age children have food.
- Our KES Clubs serve food to school age children, with the help of our volunteers and school staff.
- KES Clubs will remain operational in our schools, during the COVID-19 pandemic, and under the direction of the School Administration and Kids Eat Smart Foundation NL team.
- Volunteers should be limited to the minimum number per day, and limited to minimum number per site overall.
- Volunteers must conduct pre-screening. If the volunteers will vary by day, schools are recommended to conduct screening using modified (from April/May) Google Form for recording contact tracing information.
- Volunteers may create the grab and go snacks to make best economical/nutritional options available i.e. food does not have to be purchased pre-packaged, as long as all standard food hygiene practices are in place when creating individual portions.

This information is provided to ensure the safe operation of our KES Clubs.

COVID-19 GUIDELINES

- Volunteers upon entering the school must sign in and authorize a WAIVER and/or Self Declaration.
- Temperature checks may be in place and mandatory.
- Schools will be reinforcing effective handwashing, coughing/sneezing into elbow or sleeve, and the importance of not touching the face.
- Volunteers are required to wear masks; personal cloth masks are acceptable; if you arrive without a mask you may not enter the building.
- If and where possible, schools may provide you with a mask.

- When wearing a mask, proper use and disposal must be adhered to.
- Volunteer Shoppers: please arrange drop off to the school rather than entering the building, when not serving or helping with breakfast.
- Volunteers who have travelled outside the province or who feel unwell MUST STAY HOME to prevent transmitting infection to others.
- Maximum of 2 (two) volunteers per KES Club area, table or food station.
- Support social/ physical distancing (2 meters / 2 arm's length).
- There is no evidence that COVID-19 is transmitted via food, however extra precautions should be taken, particularly when handling food that is not prepackaged.
- Foods not pre-packaged, such as vegetables and fruit, should be washed well before serving.

DIRECTION GUIDED BY NLESD, FOR OUR SCHOOLS KES CLUBS

- Groups should closely coordinate with school administration to ensure all expectations/ obligations are identified on both sides.
- Have adequate hand sanitizing stations to accommodate assigned group size.
- Common appliances (microwaves, toasters, etc.) will not be available for student use.
- Outside food from restaurants may not be delivered into schools, as non-essential visitors are not permitted in the school during this time.
- Schools are not conducting fundraising activities this year. If the not-for-profit groups will be conducting fundraising activities, it cannot involve the exchange of currency or material via children/ schools. Schools can assist via communication to parents etc.
